# Personalized support during the VYVGART treatment journey

My VYVGART Path is a Patient Support Program that provides personalized support to you and your patients.

## The committed team at My VYVGART Path offers:

- » **Patient-specific benefit verifications**, including confirming out-of-pocket costs and prior authorization requirements
- » **Assistance** with your patients' health plan denial and appeal processes
- » **The VYVGART Co-pay Program** and other potential financial assistance programs for eligible patients
- » **Referrals** to local and national disease resources and organizations
- » **Ongoing treatment support**, including symptom tracking tools and providing patient-to-patient resources

## We are here for you and your VYVGART patients:

- ➔ **Access Managers** are available to assist your office with questions you may have about starting patients on VYVGART, infusion or subcutaneous injection fulfillment, and enrolling patients in My VYVGART Path
- ➔ **Nurse Case Managers** are available to provide support to patients enrolled in My VYVGART Path
- ➔ **Field Access Specialists** are available to collaborate with Nurse Case Managers and Access Managers to help with issues related to reimbursement and patients' access to VYVGART

Please see full Prescribing Information for [VYVGART for IV infusion](#) and [VYVGART HYTRULO for subcutaneous injection](#).

# The committed team at My VYVGART Path provides key support services across the VYVGART treatment journey

## Access Managers can help you:

- » Enroll patients in My VYVGART Path
- » Conduct a benefits verification for your patients
- » Confirm a VYVGART patient's insurance plan coverage
- » Help patients understand their insurance coverage
- » Help verify and locate a patient's site of care
- » Triage prescriptions to specialty pharmacies

## Field Access Specialists can:

- » Collaborate across teams to help with reimbursement issues with specialty pharmacies, market access, and insurance companies
- » Review patients' benefits and discuss options to assist in their access to treatment
- » Help with problems related to VYVGART treatment access, escalated prior authorization denials, delayed pharmacy shipments, and more

Contact My VYVGART Path for support  
in helping your VYVGART patients

# Nurse Case Managers provide personalized support to your VYVGART patients

My VYVGART Path Nurse Case Managers are knowledgeable about VYVGART and are dedicated to listening to your patients and helping them navigate their VYVGART treatment journey.

## Nurse Case Managers can help your patients:

» **Understand their VYVGART treatment:**

Nurse Case Managers can provide information to your patients about what to expect during their VYVGART treatment journey. They can discuss options for infusions or subcutaneous injections, help patients find sites of care,\* and also share resources that may help patients understand the infusion or subcutaneous injection process.

» **Feel empowered with resources and information:**

Nurse Case Managers can support your patients throughout their VYVGART treatment journey, equip patients with tools and resources, and teach patients about tracking their symptoms, which may help inform their discussions with you.

» **Navigate the insurance process:**

Nurse Case Managers can help your VYVGART patients understand their insurance coverage requirements and possible out-of-pocket costs. They can share updates on the insurance process by coordinating with Field Access Specialists, who work with your patient's insurance company and your office.

» **Understand potential financial assistance programs:**

Nurse Case Managers can help eligible patients enroll in the VYVGART Co-pay Program and inform patients about financial assistance programs and charitable foundations that may help cover out-of-pocket costs.

\*A Nurse Case Manager can help your VYVGART patients determine what their insurance plan offers in terms of sites of care and services.
